Vital Signs 2010 calls for your best Medicine Hat shots

Medicine Hat, Alberta (June 22, 2010) – ‘Hatters now have a chance to be featured in our annual community report card, the 2010 Vital Signs.

The report, which will be released on October 5, 2010, features graded indicators to give the community an indication on quality of life in Medicine Hat. The full colour feature will have several categories, which may include: youth; gap between rich and poor; safety; health; learning, housing; getting started; arts, culture and recreation; environment; work; belonging and leadership; getting around; and economy.

Local photographers are asked to submit any photographs that may fit in to such categories. Photographers chosen will be recognized in the publication’s credits. Subjects of the photos are asked to sign a waiver form prior to publication.

Photographs should be less than seven megabytes and can be emailed to vitalsigns@mhcf.ca or dropped off at the Community Foundation office: room 104, 430-6th Ave. SE. Deadline is July 31, 2010.

Please be aware that only a limited number of photographs will be chosen, but we thank you for all submissions.

Last year’s report can be viewed through the foundation’s website at www.mhcf.ca. For more information, please call (403) 527-9038, email info@mhcf.ca or join the Community Foundation’s Facebook group.
